To whom it may concern,

Kiwi Discovery has been working with Global Net for over 10 years, mostly in the winter seasons. Kiwi Discovery offer winter ski season packages in Queenstown and have been operating for over 28 years. The customers from Global Net are booked onto our ski field transport and snow packages.

Hiro Ueda from Global Net is an expert in his field of business, advising his customers on skiing options in Queenstown. He has a strong customer base from Japan who visit New Zealand for winter holidays. I can confirm that he is very knowledgeable with the Japanese ski market and believe he will do well with related businesses.

Yours Sincerely,

Tim Barke
