RACING CAMP

ABOUT US

Powder Ski Japan is operated by Global Net NZ, a private limited company established in 2002 by Hiroshi Ueda and is one of the largest inbound Ski Tour Operators in New Zealand, handling approximately 10% of the inbound Japanese Ski Market.

We work continuously to meet challenges, implementing the highest standards of professionalism and adopting the latest and most sophisticated travel technologies on market.

We are proud to present who we are, what we do, and how we do it. With your loyalty and support, we know, the sky is the limit!

WHY POWDER SKI JAPAN

For the past decade, we have been organising and looking after the National Japanese Ski Racing Team as they travel to New Zealand to ride the slopes during the northern off-season; so we know what we're talking about when it comes to organised team transport!

Now we'd love to do the same for you!

We offer the opportunity for organised team trips and joint Japan-New Zealand practice programs.
